SKILLS

Programming
Java
Scala
HTML/CSS
LaTeX
TypeScript
C#

Build Frameworks
Gradle
Sbt
Angular

Software & Tools
Git
AwsSdk
(dynamodb, s3, lambda)
WSL

Other skills
(ScalaCollider, Junit, RestAPIs, Amplify)

ABOUT ME

Currently, I am enrolled as a student at BloomTech and working towards a career in software development.
Before I decided to formalize my training, I learned the fundamentals of programming on my own through the great power of google searches.
Over the last couple of years, I've developed a strong appreciation for the complexity and depth of computer science.

⚙ WORK HISTORY

📅 06/2011 - 06/2014
📍 TradeStar
   Austin, Tx
(Installed server hardware and fire alarms)

Entry Level Low Voltage Technician

📅 05/2015 - 09/2017
📍 JM Electronic Engineering, Inc.
   Pflugerville, Tx
(Installed and configured low voltage network infrastructure and control panels)

Low Voltage Technician

📅 11/2017 - 02/2019
📍 Hays Rustic Design,
   Buda, tx
(Designed and repaired various wooden structures)

Woodworking

🎓 EDUCATION

📅 07/2011
📍 San Marcos High School

Class of 2011

📅 11/2020 - 07/2021
📍 Self-Taught Software Development

📅 07/2021 - Present
📍 Bloom Institute of Technology

Backend Developer Program

PERSONAL TRAITS

| Fast Learner | Low maintenance | Responsive to change | Objective |

| Consistent | Enthusiastic about learning | Creative | Easy to work with |

COMPUTER SCIENCE INTERESTS

Machine Learning
Digital Signal Processing
Game Engine Architecture
Threat Analaysis
Computer Architecture
